We take a lot of pride in what we do here at Sam's. We know it's just bar food and we don't take ourselves too seriously but we do think it's pretty good. We buy the highest quality, freshest products and deliver them at a fair price. Our bread is baked fresh every day and we make almost everything here in our own kitchen. We have a warm friendly place and we try to keep it light and fun around here so be careful if you can't take a joke. We always offer take out and we serve a full menu until 3 am every day. Sam's is available for parties and events of all shapes and sizes, from happy hours for a small group to closing the entire place for a birthday party. Thanks and we appreciate your business.

– Sam's

## SAM'S BEER FACTS

Long ago in England, pub frequenters had a whistle baked into the rim of their beer mugs. The whistle was used to order services. Thus we get the phrase "wet your whistle."

The saying "Mind your P's and Q's" comes from the time when alcoholic beverages were served/sold in Pints and Quarts. Thus, to mind your P's and Q's meant to be careful how much you drank.

It is always helpful to have a law that clearly defines when a person is legally intoxicated. In Kentucky, anyone who has been drinking is considered sober until he or she cannot hold onto the ground.
